Sheila Hernandez
Full Stack Developer

Professional Summary

Recent Software Developer graduate with a passion for developing web applications. I have built web apps from the ground-up using React, Ruby on Rails, and PostgreSQL. Bringing over 15 years of experience in fast-paced settings delivering exceptional systems for different industries needs. Effective at coordinating work of diverse teams to produce innovative designs. Highly organized, performance-oriented and customer-driven.

Work History

Freelance Web Developer

Remote, Freelancer, 2019-Present. Cary, NC.

- Developed a web app using React, HTML/CSS, Firebase, Heroku. Identified, recommended and prioritized new web features and applications in conjunction with HOA Board Members. This website allows HOA members to access neighborhood information, Signup process and documentation management. https://evergreen-react.herokuapp.com/.

- Developed a web app for a Startup Company using React, HTML/CSS, Firebase. Coordinated specifications and requirements for project technical needs. This website promotes Revit Addins needed for an Architectural Management Company. https://bevacode.com.

- Web app developed in collaboration for a Diet Coach using Ruby on Rails, HTML/CSS, PostgreSQL, Heroku. The app allows users to search/manage recipes and ingredients using ElasticSearch and other features. http://ketoapp.herokuapp.com/.

Full-Stack Web Developer

- Internship at Code the Dream, Jul 2020-Present. Durham, North Carolina Developing a Farm to Table web app for Warren County(client) in North Carolina. Working collaboratively in a team under an Agile environment with Scrum. Managed both back-end and front-end aspects of the development process.
- The web will connect Farmers and Restaurants in order to restore the production and business relations affected by Covid19 pandemic. Using: Ruby on Rails, JavaScript, HTML/CSS, and PostgreSQL as the database.
- Performed Manual, Functional, Usability, and Exploratory testing on full software implementation.
- https://warren-co.herokuapp.com

Education

Emerging Leaders Certification with the Hispanic League Scholars
Truist Leadership Institute - April, 2021
Code The Dream School - November 2020

- Completed over 500 hours of instructions in software development in an immersive one-year Front-End-web and Back-End development boot camp.
- Received training in programming languages (JavaScript, HTML, CSS, Ruby).
- Used web frameworks (Bootstrap, React, Ruby on Rails).
- Worked with database management (Firebase, Real Time Database, SQL and PostgreSQL).
- Used product development (GitHub, Trello, Heroku, Agile/Scrum).
